SUNNYVALE HOMEOWNERS: INTERESTED IN BUILDING AN ACCESSORY DWELLING UNIT?

An Accessory Dwelling Unit (ADU) is an independent residential dwelling unit (also known as a granny flat, in-law unit, or second unit) that is located on the same property as a single-family dwelling. An ADU must include permanent sleeping, eating, cooking, and sanitation facilities. An ADU can be either detached or attached to the primary dwelling unit.

Why Build an ADU?

- To provide an affordable housing option for friends, colleagues, or anyone seeking rental housing.
- For aging relatives who need to be near family but want to maintain independence and privacy.
- For young adults who want to live near where they grew up but can’t afford local housing prices.
- To supplement income.

Next Steps:

- Talk to your family members, tax advisor, and/or legal counsel about possibly making this change to your property.
- For any additional questions on zoning, permits and fees, contact Planning staff at the One-Stop Permit Center.
- For any additional questions on building and utility requirements, permits and fees, contact Building Staff at (408) 730-7444.

TWO TYPES OF ADUS:

- Standard Accessory Dwelling Units (SADU);
- Junior Accessory Dwelling Units (JADU)

ADU TO CONSIDER:

- Attached vs. Detached vs. Conversion ADUs
- SADU vs. JADU
- Streamlined vs. Non-streamlined processing
- Site-built vs. “Pre-fab” or manufactured ADUs

City of Sunnyvale is operating under Ordinance 3155-20 effective on Dec 10, 2019

The above is the summary of the urgency ordinance. Please find below Ordinance 3155-20 in its entirety.
URGENCY ORDINANCE NO. 3155-20

AN URGENCY ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SUNNYVALE EXTENDING UNTIL FEBRUARY 6, 2020, THE ZONING REGULATIONS ADOPTED BY URGENCY ORDINANCE NO. 3153-19 ON DECEMBER 10, 2019, PERTAINING TO ACCESSORY DWELLING UNITS.

WHEREAS, on December 10, 2019, pursuant to Government Code 65858, the City Council of the City of Sunnyvale at a duly noticed public meeting took testimony and adopted Urgency Ordinance No. 3153-19, a copy of which is attached hereto as Exhibit “A” and incorporated by reference, that imposed, for a period of 45 days (until January 24, 2020), certain zoning regulations pertaining to accessory dwelling units; and

WHEREAS, on December 10, 2019, the City Council of the City of Sunnyvale also adopted the same regulations by regular ordinance; however, due to the intervening holidays, the ordinance will not be presented for a second reading until January 7, 2020, and will not go into effect until February 6, 2020; and

WHEREAS, the urgency created by the State of California’s adoption of the legislation known as Assembly Bill 881, Assembly Bill 68, and Senate Bill 13, going into effect on January 1, 2020, will exist after the initial urgency ordinance expires on January 24, 2020; and

WHEREAS, if the urgency ordinance is not extended, then from the period of time between January 24, 2020, and February 6, 2020, the City will not have an ordinance in effect governing accessory dwelling units that complies with state law; and

WHEREAS, the City Council wishes to extend the urgency ordinance until the regular ordinance goes into effect on February 6, 2020;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF SUNNYVALE DOES ORDAIN AS FOLLOWS:

SECTION 1. The regulations pertaining to accessory dwelling units adopted by Urgency Ordinance No. 3153-19, attached hereto as Exhibit “A”, are extended and shall remain in full force and effect until February 6, 2020.

SECTION 2. The provisions of Urgency Ordinance No. 3153-19, attached hereto as Exhibit “A”, previously identified as Chapter 19.77 of the Sunnyvale Municipal Code, are hereby renumbered Chapter 19.79 with no changes to the text.

SECTION 3. CEQA - EXEMPTION. The City Council finds that this ordinance is statutorily exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to Section 21080.17 of the Public Resources Code, which provides that CEQA does not apply to the adoption of an Accessory Dwelling Unit ordinance to implement the provisions of Section 65852.2 of the Government Code. In addition, the action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines Section 15061(b)(3) as these changes have no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable
indirect physical change in the environment. The Council therefore directs that the Planning
Division may file a Notice of Exemption with the Santa Clara County Clerk in accordance with
the Sunnyvale Guidelines for the implementation of CEQA adopted by Resolution No. 118-04.

SECTION 4. CONSTITUTIONALITY; SEVERABILITY. If any section, subsection,
sentence, clause or phrase of this ordinance is for any reason held to be invalid, such decision or
decisions shall not affect the validity of the remaining portions of this ordinance. The City
Council hereby declares that it would have passed this ordinance, and each section, subsection,
sentence, clause and phrase thereof irrespective of the fact that any one or more sections,
subsections, sentences, clauses or phrases be declared invalid.

SECTION 5. EFFECTIVE DATE. This ordinance shall be in full force and effect thirty
(30) days from and after the date of its adoption.

SECTION 6. POSTING AND PUBLICATION. The City Clerk is directed to cause
copies of this ordinance to be posted in three (3) prominent places in the City of Sunnyvale and
to cause publication once in The Sun, the official publication of legal notices of the City of
Sunnyvale, of a notice setting forth the date of adoption, the title of this ordinance, and a list of
places where copies of this ordinance are posted, within fifteen (15) days after adoption of this
ordinance.

Introduced and adopted as an Urgency Ordinance at a regular meeting of the City Council held

URGENCY ORDINANCE NO. 3153-19

AN URGENCY ORDINANCE OF THE CITY COUNCIL OF THE CITY OF SUNNYVALE TO REPEAL SECTION 19.68.040, TO ADD CHAPTER 19.77 (ACCESSORY DWELLING UNITS), AND TO MAKE OTHER RELATED CHANGES TO PROVISIONS AFFECTING ACCESSORY DWELLING UNITS IN TITLE 19 (ZONING) OF THE SUNNYVALE MUNICIPAL CODE

WHEREAS, on October 19, 2019, the state of California enacted legislation known as Assembly Bill 881, Assembly Bill 68, and Senate Bill 13, which, among other things, amended Section 65852.2 of the Government Code pertaining to accessory dwelling units; and

WHEREAS, the amendments to Section 65852.2 become effective on January 1, 2020; and

WHEREAS, Government Code Section 65852.2(a)(3), as amended, provides that in the event that a local agency has an existing accessory dwelling unit ordinance that fails to meet the requirements of Section 65852.2, that ordinance shall be null and void unless and until the agency adopts an ordinance that complies with this section; and

WHEREAS, on December 10, 2019, the City Council adopted amendments to Sunnyvale Municipal Code 19.68.040 pertaining to accessory dwelling units and made related changes to the Sunnyvale Municipal Code (Ordinance No. 3153-19) in order to make the City’s regulations of accessory dwelling units consistent with Government Code Section 65852.2 as amended; and

WHEREAS, pursuant Government Code Section 36937, a non-urgency ordinance becomes effective 30 days after the date of adoption; and

WHEREAS, Government Code Section 65858 provides that a city may adopt an urgency interim ordinance by a four-fifths vote where necessary to protect the public health, safety and welfare, in order to prohibit uses that may be in conflict with a contemplated zoning proposal of the legislative body, which ordinance shall expire 45 days after adoption unless extended by the legislative body; and

WHEREAS, if the City does not adopt an urgency ordinance to amend the Sunnyvale Municipal Code in order to make the City’s regulations of accessory dwelling units consistent with Government Code Section 65852.2, there is a possibility that the City’s existing ordinance would be deemed to be null and void as of January 1, 2020, until the date that the regular ordinance becomes effective, and applications for accessory dwelling units filed during that period would not be subject to any of the City’s regulations, which would be detrimental to the public health, safety and welfare.

SECTION 9. CHAPTER 19.77 ADDED. Chapter 19.77 (Accessory Dwelling Units) of Title 19 (Zoning) of the Sunnyvale Municipal Code is hereby added to read as follows:

Chapter 19.77 Accessory Dwelling Units

19.77.010. Purpose

The city council finds that the city is experiencing a severe shortage of housing, especially affordable housing, and that facilitating the development of accessory dwelling units will increase the housing options for family members, seniors, low-wage workers, persons with disabilities, students and others in the community. Because accessory dwelling units are an essential component of the city’s housing supply, an accessory dwelling unit that conforms to all applicable requirements shall not be considered to exceed the allowable density for the lot upon which it is located, and is deemed to be a residential use that is consistent with the existing general plan and zoning designations for the lot.

19.77.020. Requirements applicable to all accessory dwelling units

The following requirements apply to all accessory dwelling units.

(a) Building requirements. All otherwise applicable requirements of Title 16 (Buildings and Construction) shall be satisfied. However, accessory dwelling units shall not be required to provide fire sprinklers unless required for the single-family home or multifamily dwelling structure. Occupancy of the accessory dwelling unit shall not be allowed until the city approves occupancy of the primary dwelling.

(b) Design. Exterior materials, colors and appearance of accessory dwelling units
shall match the primary structures on the same lot.

(c) Entrances. The accessory dwelling unit shall have independent exterior access from the single-family dwelling. The entrance to the unit and the entrance to the single-family dwelling shall not be on the same wall plane facing the public street.

(d) Parking. No offstreet parking spaces are required for an accessory dwelling unit, and the applicant shall not be required to replace any parking spaces that are removed or demolished as a result of the construction of the accessory dwelling unit.

(e) Subdivisions. Nothing contained herein shall be construed to permit subdivisions of real property otherwise prohibited by this code or state law.

(f) Sale and rental. An accessory dwelling unit may be rented separately from the single-family dwelling or multifamily dwelling structure, but may not be sold or otherwise conveyed separately from the other dwellings on the lot. An accessory dwelling unit approved on or after January 1, 2020, shall not be used as a short-term rental.

(g) Other legal requirements. Accessory dwelling units shall comply with all other applicable legal requirements that are not inconsistent with this chapter.

19.77.030. Streamlined approval of certain accessory dwelling units

(e) Conversions of interior space within a multifamily dwelling structure.

(1) The lot contains an existing multifamily dwelling structure.

(2) The accessory dwelling unit is created within portions of the structure not used as liveable space, including, but not limited to, storage rooms, boiler rooms, passageways, attics, basements, or garages, as long as the unit meets building standards for dwellings.

(3) An accessory dwelling unit shall not be created within any portion of the habitable area of an existing dwelling unit in a multifamily dwelling structure.

(f) Applicants shall not be required to correct non-conforming zoning conditions as a condition of approval of an accessory dwelling unit meeting the requirements of this section. Nothing in this section shall preclude the city from taking any other legally available actions to enforce the provisions of this code.

(g) The applicant shall comply with applicable provisions of this chapter regarding owner-occupancy, impact fees, and utility connections.

19.77.040. Accessory dwelling units that do not qualify for streamlined approval.

A miscellaneous plan permit is required for any accessory dwelling unit that does not meet the criteria for streamlined approval in section 19.77.030. The director shall ministerially approve a miscellaneous plan permit for an accessory dwelling unit that meets the following requirements:

(a) The lot contains an existing or proposed single-family dwelling located in the R-0, R-1, R-1.5, R-1.7/PD, R-2, or residential DSP zoning districts.

(b) Only one accessory dwelling unit is allowed per lot, except as allowed by section 19.77.030(b)(1)(B).
The total size of the accessory dwelling unit is:

(1) Minimum size. No less than 150 square feet gross floor area.

(2) Maximum size. No more than 850 square feet gross floor area, or 1,000 square feet gross floor area if the unit has two bedrooms. However, if the accessory dwelling unit is attached to an existing single-family dwelling, the floor area of the accessory dwelling unit shall not exceed 50% of the existing single-family dwelling.

(3) Height. The height of the unit as measured from within five feet of the structure is not more than 16 feet from the ground to the highest point on the roof, except that an accessory dwelling unit may be located on the second floor of a newly constructed or expanded single-family dwelling that meets the following requirements:

(A) The lot is not located in a single-story overlay zone.

(B) The proposed project meets all requirements of this code applicable to second-story construction or additions including, but not limited to, second-floor setbacks and solar shading.

(C) If the entrance to the accessory dwelling unit is above the first floor, it is not on the same building elevation as the entrance to the single-family dwelling.

(d) Setbacks.

(1) Minimum four-foot side and rear-yard setbacks are required; however, setbacks of less than four feet are allowed under the following circumstances:

(A) Existing livable space or an existing accessory structure is converted to an accessory dwelling unit or portion of an accessory dwelling unit, or

(B) The accessory dwelling unit is constructed in the same location and to the same dimensions as an existing structure that is demolished for the purpose of constructing the accessory dwelling unit.

(2) A detached unit shall not be located in front of the single-family dwelling.

(e) Applicants may be required to correct non-conforming zoning conditions on the lot before approval of the accessory dwelling unit.

(f) All other applicable zoning requirements in Title 19 shall be satisfied, including, but not limited to, lot coverage, floor area ratio, open space, and design review, as long as those requirements permit construction of an accessory dwelling unit that is at least 800 square feet gross floor area in size, at least 16 feet in height measured from within five feet of the structure from the ground to the highest point on the roof, with at least four-foot side and rear setbacks, and which complies with all other applicable development standards.
(h) The applicant shall comply with applicable provisions of this chapter regarding owner-occupancy, impact fees, and utility connections.

19.77.050. Owner-occupancy restrictions

(a) With respect to a lot containing a junior accessory dwelling unit, one of the dwellings on the lot must be the bona fide principal residence of at least one legal owner of the lot, as evidenced at the time of building permit approval by appropriate documents of title and residency. Prior to the issuance of a building permit, the applicant shall provide evidence that a covenant has been recorded on the title of the affected property stating that one of the dwelling units on the lot shall remain owner occupied. Owner-occupancy is not required if the owner is a governmental agency, land trust, or housing organization.

(b) With respect to a lot containing a standard accessory dwelling unit, for applications received after January 1, 2025, one of the dwellings on the lot must be the bona fide principal residence of at least one legal owner of the lot containing the dwelling, as evidenced at the time of building permit approval by appropriate documents of title and residency. Prior to the issuance of a building permit, the applicant shall provide evidence that a covenant has been recorded on the title of the affected property stating that one of the dwelling units on the lot shall remain owner occupied.

19.77.060. Utility connections

(a) Except as provided in subsection (b), an accessory dwelling unit may be required to have a new or separate utility connection directly between the accessory dwelling unit and the utility. The city council may adopt by resolution a connection fee or capacity charge that is proportionate to the burden of the proposed accessory dwelling unit upon the water and sewer system. The fee may be based upon either the square feet of the accessory dwelling unit or its drainage fixture unit (DFU) values, as defined in the Uniform Plumbing Code adopted and published by the International Association of Plumbing and Mechanical Officials. Such fees and charges shall not exceed the reasonable cost of providing the utility service.

(b) The following accessory dwelling units shall be exempt from any requirement to install a new or separate utility connection and to pay any associated connection or capacity fees or charges:

(1) Junior accessory dwelling units.

(2) Standard accessory dwelling units converted from interior space under section 19.77.020(c), unless the unit is constructed with a new single-family home.

19.77.070. Impact fees
(a) Except as provided in subsection (b), below, the city council may, by resolution, establish fees for accessory dwelling units that mitigate the impact of the accessory dwelling unit on public infrastructure and services. Such fees shall be imposed proportionally based on the square footage of the accessory dwelling unit in relation to the square footage of the primary dwelling unit.

(b) No impact fees shall be imposed on an accessory dwelling unit that is less than 750 square feet in size. For purposes of this section, “impact fees” include the fees specified in Sections 66000 and 66477 of the Government Code, but do not include utility connection fees or capacity charges.

19.77.080. Permit review

(a) The city shall act on the application to create an accessory dwelling unit within 60 days from the date the city receives a completed application if there is an existing single-family or multifamily dwelling on the lot. Incomplete applications will be returned with an explanation of what additional information is required, and the 60-day period shall be tolled until a complete application is submitted.

(b) If the permit application to create an accessory dwelling unit is submitted with a permit application to create a new single-family dwelling on the lot, the city may delay acting on the permit application for the accessory dwelling unit until the permitting agency acts on the permit application to create the new single-family dwelling, but the application to create the accessory dwelling unit shall still be considered ministerially without discretionary review or a hearing.

(c) If the applicant requests a delay, the 60-day time period shall be tolled for the period of the delay.

19.77.090. Delay of enforcement of building standards

(a) Prior to January 1, 2030, the owner of an accessory dwelling unit that was built before January 1, 2020, may submit an application to the director requesting that correction of any violation of building standards be delayed for five years. For purposes of this section, “building standards” refers to those standards enforced by local agencies under the authority of Section 17960 of the California Health and Safety Code.

(b) The director shall grant the application if the director determines that enforcement of the building standard is not necessary to protect health and safety. In making this determination, the director shall consult with the city’s chief building official and fire marshal.

(c) No applications pursuant to this section shall be approved on or after January 1, 2030. However, any delay that was approved by the enforcement agency before January 1, 2030, shall be valid for the full term of the delay that was approved at the time of the approval of the application.

(d) Until January 1, 2030, any notice to correct a violation of building standard that is
issued to the owner of an accessory dwelling unit built before January 1, 2020, shall include a statement that the owner has a right to request a delay in enforcement of the building standard for an accessory dwelling unit pursuant to this section.

(e) This section shall remain in effect until January 1, 2035, and as of that date is repealed.

SECTION 10. SECTION 19.82.020 AMENDED. Section 19.82.020 (When required) of Chapter 19.82 (Miscellaneous Plan Permit) of Title 19 (Zoning) of the Sunnyvale Municipal Code is hereby amended to read as follows:

(a) General Reviews.

(1) Accessory Dwelling Units. Accessory dwelling units described in 19.77.040 shall be reviewed by the director of community development for compliance with the standards set forth in Chapter 19.77. The permit shall be considered ministerially without discretionary review within the time frames required by Chapter 19.77; when the application is in compliance with the relevant standards, the permit shall be issued. The director’s decision shall be final.

SECTION 11. CEQA - EXEMPTION. The City Council finds that this ordinance is statutorily exempt from the requirements of the California Environmental Quality Act (CEQA) pursuant to Section 21080.17 of the Public Resources Code, which provides that CEQA does not apply to the adoption of an Accessory Dwelling Unit ordinance to implement the provisions of Section 65852.2 of the Government Code. In addition, the action being considered does not constitute a “project” within the meaning of the California Environmental Quality Act (“CEQA”) pursuant to CEQA Guidelines Section 15061(b)(3) as these changes have no potential for resulting in either a direct physical change in the environment, or a reasonably foreseeable indirect physical change in the environment. The Council therefore directs that the Planning Division may file a Notice of Exemption with the Santa Clara County Clerk in accordance with the Sunnyvale Guidelines for the implementation of CEQA adopted by Resolution No. 118-04.

SECTION 12. CONSTITUTIONALITY; SEVERABILITY. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be invalid, such decision or decisions shall not affect the validity of the remaining portions of this ordinance. The City Council hereby declares that it would have passed this ordinance, and each section, subsection,
sentence, clause and phrase thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared invalid.

SECTION 13. EFFECTIVE DATE. This ordinance shall be in full force and effect thirty (30) days from and after the date of its adoption.

SECTION 14. POSTING AND PUBLICATION. The City Clerk is directed to cause copies of this ordinance to be posted in three (3) prominent places in the City of Sunnyvale and to cause publication once in The Sun, the official publication of legal notices of the City of Sunnyvale, of a notice setting forth the date of adoption, the title of this ordinance, and a list of places where copies of this ordinance are posted, within fifteen (15) days after adoption of this ordinance.
